Board of Commissioners  
Mason County, Michigan

Honorable Members:

The Mason County Equalization Department has prepared the 2024 Equalization Report in accordance with Michigan Compiled Law 211.34 as amended. This involved conducting an Equalization Study in each classification of real property and the aggregate personal property classification in each of the 17 assessing jurisdictions within the County.

Contained within this report are the various values as extracted from each jurisdiction's assessment roll. Any class of property within an assessment jurisdiction not having a ratio between 49.00% and 50.00% will be equalized at 50.00% as allowed by the State Tax Commission guidelines. All County Equalized Values are subject to review and possible change by the State Tax Commission through the State Equalization process in May. Please note the values contained in this report are advalorem values only, special acts property values are not subject to Equalization.

This report begins with an unsigned copy of the "L-4024" report to be approved and signed by the Board of Commissioners. The report then shows county wide statistics and totals, and then further shows values of each assessing jurisdiction and school district by property classification and principal residence exemption.

I would like to commend the Equalization Department staff and each of the County's assessing officers for their dedication and hard work throughout the past year which has made this report possible.

Respectfully submitted,

Anthony E. Meyaard M.M.A.O.  
Mason County Equalization Director
